However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

### Report on the Audit of Standalone Financial Statements

#### Opinion

We have audited the accompanying Standalone financial statements of **Indra Industries Ltd.** (“the Company”), which comprise the Balance Sheet as at **31st March, 2022**, the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and the statement of change in Equity for the year then ended and notes to the standalone financial statements, including the summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at **March 31, 2022**, and its **loss**, total comprehensive income (comprising of profit and other comprehensive income) its cash flows and changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (“SA”)s specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor’s Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our Audit of the Standalone Financial Statements under the provision of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Key Audit Matters :

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no such key Audit matters to communicate in our reports.

S No.	Key Audit Matters	Our Response
1.	<b>Impact of government policies/ notifications on recognition of subsidy accruals/claims and their recoverability</b> (Refer to the accompanying note 10 forming integral part of the Standalone Financial Statements)	<b>Principal Audit Procedures</b>  We understood and tested the design and operating effectiveness of controls as established by management in

	<p>During the year the company has recognized accruals/subsidy amounting to Rs. 21.64 Lakhs and as at March 31, 2022, the Company has receivables of Rs. 10.80 Lakhs relating to such subsidy. We focused on this area because recognition of accruals/claims and assessment of recoverability of the claims is subject to significant judgments of the management. The area of judgment includes certainty around the satisfaction of conditions specified in the notifications/policies, collections, provisions thereof, likelihood of variation in the related computation rates, and basis for determination of accruals/ claims.</p>	<p>recognition and assessment of the recoverability of the claims. We evaluated the management's assessment regarding reasonable certainty for complying with the relevant conditions as specified in the notifications/policies and collections. We considered the relevant notifications/policies issued by various authorities to ascertain the appropriateness of the recognition of accruals/claims, adjustments to claims already recognized pursuant to changes in the rates and basis for determination of claims. We tested the ageing analysis and assessed the information used by the management to determine the recoverability of the claims by considering claim collection against the historical trends, the level of credit loss charged over time and provisions made. Based on the above procedures performed, the management's estimates related to recognition of subsidy accruals/claim and their recoverability are considered to be reasonable.</p>

**Information Other than the Financial Statements and Auditor’s Report Thereon:**

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including annexure to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the

standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is no material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

### **Management Responsibility for the Standalone Financial Statements :**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of Standalone Financial Statements:**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

We, however, state that this is not an assurance as to the future viability of the Company. ## **ANNEXURE B**

### **To the Independent Auditors' Report on Financial Statements of Indra Industries Limited**

(Referred to our report of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls with reference to Standalone Financial Statements of **Indra Industries Limited** (“the Company”) as of 31st March, 2022 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls:**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

#### **Meaning of Internal Financial Controls over Financial Reporting:**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting:**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion:**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 : inputs other than quoted prices included in Level I that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### **III Notes to the financial statements for the year ended 31st March, 2022**

#### **1. Significant Accounting Policies**

##### **(a) Property, plant and equipment**

###### **i. Recognition and Measurement**

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable Purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of Property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, Plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of Property, plant and equipment is recognised in profit or loss.

###### **ii Subsequent Expenditure:**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

###### **iii Depreciation:**

Depreciation is calculated on cost of items of Property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is recognised in the statement of profit and loss. The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

<b>Property, Plant &amp; Equipment</b>	<b>Management estimate of useful life</b>	<b>Useful life as per Schedule II of the Companies Act, 2013</b>
Site Development	30	30
Factory Building	30	30
Office Premises	60	60
Plant and Machinery	15	15
Furniture & Fixture	10	10
Vehicle	8	8
Computer	3	3
Electrical Installation	15	15

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on internal assessment and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed off).

(b) **Intangible Assets:** The company does not own any intangible assets as at the Balance Sheet date.

(c) **Inventories**

Raw Material	: -	At Cost
Work in Process	: -	At Prime Cost
Finished Goods	: -	At Cost of production
Stores, spares, tools, jigs and packing material	: -	At Cost

(d) **Foreign Currency Transactions :** During the year under review the company did not have any Foreign Currency Transactions.

(e) **Impairment of Non-Financial Assets:**

An asset is deemed impairable when recoverable value is less than its carrying cost and the difference between the two represents provisioning exigency. Recoverable value is the higher of the ' Value in Use' and fair value as reduced by cost of disposal. Test of impairment of assets are generally undertaken based on indication of impairment, if any, from external and internal sources of information.

(f) **Employee Benefits:**

(a) **Short Term Employee Benefits:**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-

term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

**(b) Defined Contribution Plans:**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund and Employee State Insurance Scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

**(c) Defined benefit plans:**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset) taking into account any charges in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in Profit or loss.

When the benefits of a plan are changed or when a plan is curtailed the resulting change in benefit that relates to past service ('past service cost' or 'past service gain' or the gain or loss on curtailment) is recognised immediately in Profit or loss, the Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs

**(d) Other long-term employee benefits:**

The Company's net obligation in respect of long term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The obligation is measured on the basis of an annual independent actuarial valuation using the Projected unit credit

method. Remeasurements gains or losses are recognised in Profit or loss in the period in which they arise.

**(g) Provisions and Contingent Liabilities:**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an out flow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a Pre-tax rate that reflects current market assumptions of the time value of money and the risks specific to the liability. The unwinding of discount is recognized as finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A provision for onerous contract is measured expected at the present value of the lower of the expected cost of terminating the contract and at the present value of the lower of the expected net cost of continuing with the contract.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

**(h) Leases: Not Applicable**

**(i) Borrowing Costs :**

Borrowing costs directly attributable to the acquisition or construction of those property, plant and equipment which necessarily takes a substantial period of time to get ready for their intended use are capitalised. All other borrowing costs are capitalised in the period in which they are incurred in the statement of profit and loss.

**(j) Revenue:**

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. This inter-alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms. Revenue is recognised when the significant risks and rewards of ownership have been

transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

**Interest: Not Applicable**

**Dividend:** There is dividend income earned by the company during the year.

**(k) Government Grants:**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a Systematic basis over the periods to which they relate. When the Grant relates to an asset, it is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

**(l) Income Tax:**

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

**(m) Current Tax:**

Since the company has posted net losses hence there is no provision for payment of Income Tax in the Books of the Company during the year.

**(n) Deferred Tax:**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable/ no longer probable respectively, that the related tax benefit will be realised.

Deferred tax is measured at the tax rates currently prevailing for the period of reporting.

The measurement of deferred tax reflects the tax consequences that would follow, from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets

and liabilities. The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis

**(o) Earnings per share:**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding after adjusting for the effects of all potential dilutive ordinary shares.

**(p) Cash flow statement:**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

Effective April 1, 2017, the Company adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material impact on the financial statements.

**(q) Financial Instruments:**

**a. Recognition and initial measurement:**

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regularly purchase and sale of financial assets are accounted for at trade date.

**b. Classification and subsequent measurement:**

Financial Assets: Financial assets carried at amortised cost.

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the

financial asset give rise on specified dates to cash flows that are solely Payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income:**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the Principal amount outstanding.

**Financial assets at fair value through profit or loss :**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

**Financial Liabilities:**

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**c. Derecognition:**

**Financial Assets:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

**Impairment of financial assets**

The company assesses impairment based on simplified expected credit losses (ECL) model for Trade Receivables. Allowance for expected credit loss is provided for by an amount equal to 15% of the trade receivables outstanding at the end of the financial year.

**Financial Liabilities:**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

**d. Offsetting:**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realize the asset and settle the liability simultaneously.

**(r) Recent Accounting Pronouncements:**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.
